

## JEWELRY CARE & REPAIRS

To protect the plating of your jewelry, please remove it before washing your hands, taking shower, swimming, and cleaning etc. Household cleaning agents, and personal care products such as lotions, perfumes, make-up, hair products etc. should be avoided. Please note that working out while wearing your jewelry may also damage your jewelry's finish.

When a repair needed, please email us with proof of purchase. Detailed image of the item, that will help to determine the repair process and lead time. So please include 1-2 images in your email. We will contact you within reasonable amount of time.

Please note:

- Sale items are not eligible for repair.
- If damage is caused by not following our care instructions, we will not be able to process your request.
